KTM TERRA ADVENTURE JACKET

The innovative, versatile and extremely well-ventilated adventure jacket is an absolute must have for globetrotter's and adventure riders!

The KTM TERRA ADVENTURE JACKET offers an absolute world first in motorcycle clothing:

The innovative YKK-QuickBurst®-zippers attached to the chest and shoulder area can be opened very quickly by simply pulling on a puller, thus enabling quick and effective ventilation options.

The waterproof jacket, which is stored in the back pocket of the jacket can be worn both under and over the jacket to provide optimal protection against wind, weather or dirt.

Fits perfectly in combination with the KTM TERRA ADVENTURE PANTS.
